GLOBAL EDUCATION WITH AN INDIAN SOUL

Welcome to Seth M. R. Jaipuria School Naramau, Kanpur!

Jaipuria is led by doyens of exceptional visionaries who have always remained concerned about developing next generation thought leaders. The commitment of the House of Jaipuria to provide superior quality education has only deepened and grown over the last seven decades, developing leaders who have proved their mettle in all walks of life.

A true leader is a liberated thinker. The process of liberation begins when you start to think for yourself. When you think you learn and you imbibe new thoughts and perspectives. This in turn helps you innovate and think out of the box. When you can think differently, you can make choices and decisions that are unconventional. These unconventional choices and decisions are what will set you apart from the crowd and establish you as a leader rather than the led.

Education is not merely the acquiring of a degree; it is an enduring process that should have an effect on your thoughts and actions, even after you graduate. Your education can become a leadership training exercise only when you are an active participant in the process of opening your mind to knowledge, experiences and ideas.

We are very glad to bring to Naramau a champion of educational excellence. We present to you Seth M. R. Jaipuria School Naramau, Kanpur, where, we put the student at the heart of the educational process. A student's tenure at Jaipuria will be marked by a number of academic and non academic opportunities, each of which will help the student develop into a successful individual, true leader and above all good human being. From in-class sessions to field trips, from experiential learning to festivals and events, every day at Jaipuria is a day our students learn and develop.

A world of learning and a plethora of experiences await you within our school. Welcome to Seth M. R. Jaipuria School Naramau, Kanpur! Welcome to your future.

Mr. Devang Tayal
Vice chairman-Seth M. R. Jaipuria School, Naramau

RAISING STANDARDS TO ACHIEVE IT

Welcome to Seth M. R. Jaipuria School Naramau, Kanpur!

Conventional teaching methods are now relics of the past. India is going through humongous socio-economic and socio-political changes and is poised to become a super power in the next couple of decades. To see her through to this ultimate goal, she will need future citizens who are empowered with the requisite learning. I am pleased to state here that our goals and vision are in total synchronicity with that of our nation and it will be our unstinting endeavor to equip our students with global standards of learning so that our children become the masters of our destiny.

At Jaipuria School, education will go beyond books to instill social consciousness, inclusivity, ethics and an all-round personality with a healthy mind and body. That is the Jaipuria way of life and learning. It is also important for our youth to have cultural consciousness and the ability to appreciate the rich heritage of our visual and performing arts. Jaipuria School will ensure that students from their early years are exposed to and encouraged to appreciate and imbibe visual and performing arts.

I look forward to welcoming every child to the Jaipuria family, and firmly believe that you will be proud to be a part of this family.

I THINK.

Let every little mind be free to go beyond classrooms and textbooks to ask questions, seek answers, explore and experiment new ways of learning.

At our school we believe education must inspire and plant an aspirational belief in impressionable minds in order to facilitate their all-round development.

Our goal, therefore, lies not in building school infrastructure alone but also in building more practical and application based education systems that nurture innovators, artists, thinkers, scientists and leaders of tomorrow. Learning and living a new perspective each day, the school helps its children in their journey from thinking to becoming.

I AM.

At Seth M. R. Jaipuria School, your child benefits from a curriculum that is defined by self - learning. Inquiring, seeking answers, challenging facts and drawing their own inferences, each child finds freedom as well as requisite guidance to chart their unique learning path with joy and ability.

Curriculum Perspective

In the pre-primary years (Nursery to Grade 2), a teacher-led approach introduces the child to basic concepts and ideas. From primary years (Grade 3 to 5), the child gradually takes centre stage in the learning process with a certain degree of readiness to be accountable for his learning curve. In the middle years (Grade 6 to 8), the curriculum fosters an approach where the child is ready to lead and structure their own learning with confidence and ease.

THE ART OF

Learner Centric Curriculum

The Jaipuria curriculum is an amalgamation of best practices from India and from across the world and is further adapted culturally to its Indian context. Using content maps for each subject, learning goals for each child and a set of summary sheets and lesson plans for each subject, the curriculum guides the child to realize their true potential. Strategically planned assessments during the course of the year systematically tests development and growth achieved in the year gone by. This process helps both the child as a learner and the teacher as a facilitator to further plan learning goals for the year to come.
